FOREST FIRE PREVENTION PAYS DIVIDENDS

Most forest fires are preventable because someone is responsible for them. State records for 1950 show 94% of 632 fires resulted from human perversness and carelessness. Refusal to secure the required warden permit before burning; failure to use good judgment, lack of equipment and assistance while burning; carelessness in smoking and poorly conditioned woods equipment (trucks, tractors, etc.) resulted in a total of 6090.6 burned acres with a loss of $63,949.10 in valuable property.

Fortunately, these human factors can be dealt with because people can be reached. This the local forest fire warden tries to do by informing his fellow citizens that EVERYONE MUST:-

1, Secure a written permit to burn in or near woodlands when the ground is not covered with snow.

2, Use good judgment in burning and have enough equipment and assistance to keep fire under control at all times.

3, Be careful when smoking in or near woodlands and refrain from throwing lighted material from automobiles.

4, Make certain that all equipment used in the woods is is in good condition

His success depends entirly upon public reaction to his app-eals. He does his part - the rest depends upon YOU and

YOUR compliance with burning requirements

YOUR care with YOUR fires and YOUR smoking and

YOUR care of motive equipment you use in the woods.

It all aids, materially, in reaching the desired goal, the PREVENTION OF FOREST FIRES -

because PREVENTION PAYS DIVIDENDS!

PERFECT ATTENDANCE
For one year

During the past year the Bradford School District suffered a great loss in the death of J. Charles Williams. He was deeply interested in the welfare of the children of Bradford and worked unceasingly in their behalf. I consider it to have been a great privilege to have had the opportunity to work with "Charlie" for three years. He was one of the finest men I have ever met and his death was a great personal

loss to me.

You will recall I wrote in my last annual report that when the present State Aid formula was changed, Bradford should expect a serious cut in the financial aid they would get from the state. This did not mean that I was opposed to Bradford getting this amount of State Aid. I merely felt that it would not been honest to let the tax payers assume that they were going to continue to get something which I was sure they would not get under the new formula.

The State Board of Education has now presented their new formula to the members of the 1951 General Court. In spite of the fact that the proposed amount of aid is increased by about a million dollars, Bradford will get no State Aid. What the General Court does with this new proposal is difficult to predict. Perhaps by the time this report is in your hands, we will all have a better idea of what is going to happen.

Last spring it looked as though prices and teacher supply was leveling off. However, since the Korean Operation, things have been getting worse, Supply prices have gone up and it looks as though they would continue. Teachers are being drafted and most young men who will be graduated in June will enter the armed forces. Many young people will be going into the defense plants attracted by the high wages. All this will naturally affect the supply of teachers and school budgets.

Things have been going very well at school this year, and Bradford has been very fortunate in having their present staff of teachers. The School Board, however, have had a difficult time with several unusual transportation problems, along with a crowded condition in the middle grades room. I believe the Board has acted wisely and intelligently in solving their problems.

I enjoy working in Bradford, very much, and appreciate the friendly cooperation of the School Board, teachers and people of Bradford.

SCHOOL WARRANT

To the Inhabitants of the School district in the town of Bradford, N. H., qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 9th day of March 1951, at eight o'clock in the evening to act upon the following subjects:

1, To choose a Moderator for the coming year.

2, To choose a Clerk for the ensuing year.

3, To choose a Member of the School Board for the ensuing three years.

4, To choose a Treasurer for the ensuing year.

5, To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

6, To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

7, To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes bythe town.

8, To see if the school district will vote to grant a $200.00 cost of living adjustment to the teachers of Bradford and to raise and appropriate the sum of $625.00 to provide for the same.

9, To transact any other business that may legally come before said meeting.

Given under our hands at said Bradford this 19th day of February 1951.
